About our services

Thorner General Insurances Ltd (FSP43489) is a fully licensed Financial Advice Provider. We are able to provide advice on all general insurance products, both domestic and commercial across various industries as well as risk management practices within your business operations. We help our clients protect their assets to minimise the financial impact to their lives and businesses when things go wrong.

Your adviser

With 10+ years advising on general insurance, Emma is a qualified Financial Adviser (General Insurance) having attained the NZ Certificate in Financial Services, specialising in general insurance. She has experience across a broad range of products and can advise you on the complexities of insurance cover across a wide variety of industries.

Recommendations based on your circumstances and needs

We will complete a needs analysis with you to understand your personal and/or business circumstances and make recommendations to provide you adequate cover. Each year we will discuss changes and reassess your insurance cover. We will guide through the advice process (as below).

Wide range of insurance products and providers

We are not restricted to using any particular insurer, this allows us to compare quotes to provide you the terms best suited to your needs.

We will generally recommend insurance products from insurers we or our network broker group, Steadfast, have arrangements with, as the negotiated terms are generally better. We will disclose these arrangements to you when making recommendations.

What we don't advise on

We do not provide advice on medical or life insurance, or any other Financial Advice. We can refer you to someone when you require advice on these products.

Limitations and risks

Insurance cover recommendations will be based on the information you provide and there will be a risk of lack of cover should the information you provide not be accurate.

While our recommendations will be made for your requirements, insurance products can have a number of exclusions that you should be aware of and you must read the policies carefully.

Costs

We don't charge fees for our advice. We do receive a commission from the insurance provider when you take out a policy and when you renew your policy each year. We may charge a small administration fee dependent upon the type, complexity and extent of your insurance programme, and the time and costs associated with the administration performed. We may also receive a commission from finance companies if we arrange premium funding services for you. We will provide details of these commissions and any administration fee when we make recommendations to you.

My character

I have no criminal convictions, have not been declared bankrupt, nor have I had any disciplinary or regulatory proceeding or charge brought against me that I am required to tell you about.

My duties

As a Financial Adviser, I must comply with the duties set out in the Financial Markets Conduct Act 2013 (FMC Act) and the Code of Professional Conduct for Financial Advice Services (the Code). This means I must:

- Have the required competence, knowledge and skill and keep this up to date with professional development;
- Give priority to your interests over my own or my employers;
- Exercise care, diligence and skill;

Meet ethical behaviour, conduct and client care standards.

Conflicts

I manage potential conflicts of interest by:

- Disclosing the conflict to you;
- Following my employer's conflicts of interest, gifts and hospitality policies and procedures.

Ongoing advice as your circumstances change

Your insurance protection should be reviewed as things change. It is important that you notify us of changes to ensure the cover still meets your needs.

We will communicate with you prior to your annual renewal to ask if you have had any changes to your circumstances that might require a review.

If something goes wrong

If you have a problem, concern or complaint about any part of my service, please tell me, my employer or my internal complaints manager so that we can try and fix the problem. We will acknowledge your complaint within two working days.

The way we conduct business.

Dealing with a financial adviser has several advantages, we work for you, not the insurer and offer a personal service which includes managing changes to your insurance requirements and assistance during a claim. We deal with a range of insurers that deliver a quality service at your time of need. At renewal as we are continually monitoring the market, we are able to remarket your insurances to ensure you are receiving all of the benefits available and value for money.

- If you have any insurance requirements, need to make changes, or have any queries contact our office,
- We are committed to finding the most appropriate and cost-effective insurance cover for you,
- We monitor changes in the insurance marketplace along with insurance regulatory changes and will keep you informed about changes that might affect you,
- Our advice does not stop once we have arranged your insurance policy – we will provide advice throughout your insurance contract, as your insurance needs evolve,
- We assist with the claims process from start to finish and will advocate on your behalf with the insurer.

Remuneration

- Our financial advisers are salaried staff. If you decide to take out a policy, Thorner General Insurances Ltd will receive a commission from the insurer with whom the business is placed.
- The commission is a percentage of the premium (excluding any fire levies, EQC charges and taxes). Some insurers may pay us more than others and the rate of commission may vary according to the type of insurance cover provided.
- We sometimes pay a fee to a party who has referred you to us and we pay this fee out of the commission received from insurers.
- We may also receive a commission from finance companies with whom we arrange premium funding services on your behalf. If you elect to use premium funding services to help spread the premium costs over the year we will advise you of any commission we receive.
- We may receive non-financial benefits from insurers such as social functions, small gifts, and gratuities.
- We may charge a small administration fee dependent upon factors such as the type, complexity and extent of your insurance programme, and the time and costs associated with the administration performed and services provided.

Insurer security and solvency

In NZ insurers are required to comply with the provisions of the Insurance (Prudential Supervision) Act 2010 and any amendments. This requires us as your financial adviser to advise the insurers financial strength rating and the rating scale. We monitor the insurers publicly available security ratings; however, we accept no responsibility in any circumstances for the solvency of any insurer to pay claims.

Paying your premium

We have a legal obligation under the Insurance Intermediaries Act 1994 to pay your premiums to the insurer within a contracted time frame upon inception of a new policy and/or upon renewal. Prompt payment by you assists this process and avoids complications.

(a) You must pay the premium(s) as detailed in our invoice(s), unless premium funding has been arranged, in which case you will have a separate arrangement to pay with the premium funder.

(b) It is your obligation to ensure you pay premiums and other relevant charges on time. Your insurer has the right to cancel your policy if premiums are not paid on time and you will not be insured. The insurer may also charge a short-term premium for the time they have insured the risk. You may be charged interest and/or fines and penalties for late payment.

If you are looking at maximising your cash flow, talk to us about our premium funding facilities giving you the ability to spread your insurance costs over the policy period. We have the following premium payment options available:

- Monthly Direct Debit instalment (this service incurs a premium surcharge, please contact us to discuss)
- Annual payment via Eftpos facilities including Credit Card (credit card incurs a bank surcharge)
- Annual payments via internet banking
